BUILDING COLLAPSED ON DANCING GUESTS

Forty Nine Killed And Fifty Injured.

200 PERSONS WERE IN BUILDING

Accident is Attributed to Carelessness of Those Who Were Making Repairs on the Structure Which Was Raised Five Feet from the Ground.

Nagols, Black Forest, South Germany, April 7.—A revised list of the casualties resulting from the collapse of the hotel Zum Hirschen (a stag hotel) Thursday, shows that 49 persons lost their lives and that fifty were severely injured.

Dr. Von Pischek, the minister of the interior of Wurtemberg, has arrived to inquire into the disaster. The king of Wurtemberg has telegraphed his sympathy.

The building had not been fully completed, and the catastrophe is attributed to the non-observance of proper precautions. The roof of the building had only been put in place in the morning, an event which, in accordance with German custom, was celebrated by a feast.

The guests were reported to have engaged in a dance, and this, together with the large number of persons on the floor dancing, probably was what caused the building to collapse.

There were two hundred persons present, most of whom were buried in the ruins. At 10 o'clock Thursday night, 49 dead had been recovered and one hundred injured were taken from the ruins, many of them in a serious condition.

The accident is primarily attributed to carelessness on the part of those who were making repairs on the building which had been raised 5 feet from the ground in order to give more space for the lower story. The work began early in the morning, and was supposed to have been finished at noon. The keeper of the hotel invited the women and a large number of townspeople to a grand dinner. The company assembled in the middle banquet room and was drinking the health of the builder and landlord when suddenly a crash was heard above. A score of those in the banquet room jumped from the windows and doors in time to escape when the house came down with a crash.

The town presents an indescribable scene of horror and grief.

There is hardly a family but has lost one or more members.

The dead are laid out in the town hall adjacent to the scene of the disaster.

Diffuse Great Heat.

Naples, April 7.—Streams of lava which are diffusing great heat, are progressing with considerable rapidity in the direction of Pompeii. From the new crater which is 20 feet in circumference, the lava has already gone 2 1/2 miles. Hot mud, ashes and black sand are also ejected, which, mixed with rain, produce the so-called caustic rain, which is most damaging to vegetation. Although showers of cinders have been diminished, people are holding up umbrellas as protection against the falling ashes.

Noted Painter Dead.

New York, April 7.—Eastman Johnson, the painter, died suddenly at his home here Thursday night in his eighty-second year. Mr. Johnson had been ailing for a year. Mr. Johnson was born in Lowell, Me. In 1845 he moved to Washington, D. C., where he drew portraits of many distinguished men, including Daniel Webster and John Quincy Adams. While in Boston in 1846-49 he made portraits of Longfellow, Emerson, Hawthorne and Sumner.

Mississippi River Passes Danger Line.

Memphis, Tenn., April 7.—The Mississippi river here has passed the danger line, the gauge registering 33.1 feet. River men say the levees are in good shape and so where along the line is a break anticipated. The river will probably reach 36 feet to the next few days, when the crest of the spring will have passed.

HELD FOR FORGERY.

J. B. Horton is Accused of Cashing a Bogus Check.

Commerce, Ga., April 7.—J. B. Horton, about 30 years old, is in the lockup here, charged with forgery.

On the 31st day of last January he presented a check to the cashier of the First National bank in this city, drawn for \$285 and signed by S. S. Carter, of Lula. Mr. Horton was unknown to the cashier, who hesitated to cash the check without identification. Mr. Horton, however, explained that he only wanted part of the amount in cash. He wanted a cashier's check for \$51.22 made payable to J. C. Quillian, of Belton, and the remainder, \$233.78, in cash. He said in explanation, that he owed Quillian that much as balance on a mule trade.

Horton's story was so straightforward and reasonable that the cashier delivered the cash and the check. The check for \$285 was sent to Lula for payment, and was returned immediately with the statement that it was fraudulent. Since then the authorities of the bank have been on the lookout for the unknown man who is said to have perpetrated the forgery. Horton was located a few days ago near Belton, arrested and brought to this place. After he had been placed in the lockup he is said to have made a full confession and related the details of the crime. Efforts are being made to effect a settlement and this may be accomplished. It is said that Horton has been a Baptist preacher, but that he was turned out of the church some time last year.

Standifer Forfeits Bond.

Atlanta, April 7.—E. M. Standifer, husband of Mrs. Willie Standifer, the man who was to have been arraigned before Judge Andy Calhoun, in the city court, second division, on a charge of immorality in the connection with the killing of Miss Chappell Whisenant by Mrs. Standifer, forfeited his bond of \$1,000 and did not appear for trial Friday morning. Solicitor Lowry Arnold immediately gave orders that Standifer be re-arrested. If he has left the state, Solicitor Arnold will ask Governor J. M. Terrell for a requisition. At Folsom's hotel, where Standifer, uncle and father had been staying, it was said Friday that they had left the evening before. Where they had gone no one knew.

Indian Banker Murdered.

Muscogee, I. T., April 7.—J. Burdett, president of the Eufaula National bank, merchant, and one of the most prominent and wealthy men of the Creek Nation, was shot and instantly killed at his home in Eufaula. His body was found near a well in the rear of his residence, a portion of his head being torn away by a bullet wound. There was no one at the place except Mr. Burdett, and he had been dead many hours before the body was discovered. There is no clue to the assassin. Mr. Burdett carried life insurance policies aggregating a quarter of a million dollars.

Heard Evidence; Became Blind.

Chicago, April 7.—A dispatch to the Tribune from Evansville, Ind., says that Addison N. Thomas, of Jasper, Ind., foreman of the Dubois county grand jury, suddenly became blind Thursday, and it is stated his blindness is the result of listening to harrowing evidence of crime. These stories are believed to have injured his nervous system so as to affect the nerves regulating the flow of blood to the eyes. The grand jury has been investigating several crimes, and it was noticed that he was extremely nervous during the examination.

Roosevelt Keeps Hands Off.

Washington, April 7.—It is stated at the White House that the president has made a reply to the telegram received from the coal operators that while the text will not be made public there is authority for the statement that the president has decided not to interfere as long as conditions remain as they are now.

COAL WORKERS AWAIT MINE OWNERS REPLY

Pending Consideration of Arbitration Offer.

FEELING IS AGAINST ACCEPTANCE

Operators Have Agreed How They Will Meet Offer but Will Not Draw Up Answer Until Committee Has Consulted All Interests Involved.

New York, April 7.—Pending the consideration by the anthracite operators of the offer of the Mine Workers of eastern Pennsylvania to arbitrate the differences existing between them, the coal workers will make no move and will simply wait until Monday for the miner owners' reply.

The operators are busy on the proposition. While they have practically agreed as to how they shall meet the offer, they will not draw up a formal answer until the members of the subcommittee have consulted all interests involved.

The sentiments of the subcommittee of the operators are distinctly against the acceptance of the miners' offer, at least in its present shape.

The scale committee of the miners held a brief session Friday and took up the situation in the anthracite fields. After the meeting most of the members of the committee returned to their homes where they will meet the presidents of the local unions in their respective districts to receive reports of local conditions. President Mitchell will remain here while the operators are considering the miners' arbitration offer and will attempt to catch up on the routine work of his office.

The meeting of the international executive board of the miners' union which had been set for next Tuesday at Indianapolis, has been postponed for a week because of Mr. Mitchell's inability to be present.

Want to Arbitrate in Ohio.

Columbus, O., April 7.—John H. Winder, president of the Ohio Operators association, telegraphed President Roosevelt and to President Mitchell of the Mine Workers, Friday from Charleston, W. Va., where the operators and miners are meeting, that the bituminous operators of Ohio propose to Mr. Mitchell to settle the strike in the bituminous district on the same terms as Mr. Mitchell proposes to the anthracite operators, viz, by arbitration.

Association Woman's Clubs Adjourns.

Toledo, O., April 7.—The National Association of Woman's Clubs adjourned Friday after a five days' session. Chicago was selected as the next place of meeting. Resolutions adopted declare for peace by arbitration, request the national administration to use its influence at the second Hague conference to promote the neutralization of private property at sea, and ask the president to use his moral influence to settle the governorship of the Congo Free State.

Governor Pattison in Hospital.

Cincinnati, April 7.—Governor John M. Pattison, who has been ill for some time, arrived early Friday morning on a special train from Columbus. He was taken to Christ hospital. It is not yet known whether an operation will be necessary in his case. It is the intention of his family to take him to his home in northern Ohio in a short time if his condition warrants.

Nature of Trouble Explained.

Washington, April 7.—The nature of the trouble that has been brewing among the Apache captives at Fort Hill incident to which is the threat of the Indians to forcibly break away from the post, is explained at the war department as the result of the refusal of the authorities to let the Indians go on the road with a wild west show.

Revolutionary Band Executed.

Milan, Russia, April 7.—The chief of the revolutionary band, which you named death sentences against the reactionary officials during the recent revolutionary disturbances here, was executed Friday.

FAMOUS CASE DRAWS TO CLOSE.

All Evidence Now in in Greene and Gaynor Case.

Savannah, Ga., April 7.—The court room was crowded for the night session of the Greene and Gaynor trial, many being unable to gain entrance. Nearly half of the audience was composed of ladies.

Greene resumed the stand and Judge Adams resumed the cross examination. Greene said that the profits he and Gaynor had made from the 1896 contract amounted to over four hundred thousand dollars before the work was stopped by Major Gillette, Carter's successor.

Greene said that he did not consider that the object of the commissioner's hearing in New York was to resist being brought back to Georgia. He said the habeas corpus proceedings was not instituted with any view of securing a discharge.

At the conclusion of the examination of Greene numerous photographs were introduced showing the work in progress in Savannah harbor.

"The defense rests," announced counsel for his defense.

Ernest B. Parker, of Kingsland, Ga., was called. He had been in the employ of the defendants. The witness said the mattresses were constructed so loosely that he could walk through them.

Philip Harper, of Americus, Ga., gave similar testimony.

Colonel Henry F. Adams, U. S. A., said the multiple mattress was not permissible under the specifications.

Hotel Guest Loses Diamonds.

Augusta, Ga., April 7.—Mrs. Chas. R. Clark, of New York, was robbed of diamonds valued at \$1,000 at the Hampton Terrace hotel where she had been stopping. The jewels were taken from her room, where she had left them in a small case. It is suspected that the theft was committed by a professional hotel thief, who was evidently stopping at the place under the guise of a wealthy guest. He is believed to have come here from Florida. It is the second of the kind of recent date, a niece of Andrew Carnegie being the victim of the first.

Planters Holding Cotton.

Meridian, Miss., April 7.—The weekly cotton report issued by the Meridian board of trade and cotton exchange shows a continued falling off in activity with the staple. The receipts were 89 bales, as against 2,044 last year. The shipments were 1,327 bales as against 2,161 last year, and the stock on hand 21,940 bales. Last year the stock at this time was 26,832 bales. The report of this week, shows even a marked decrease in every department, indicating that planters are continuing to hold for higher prices.

Charged With Assault.

Macon, Ga., April 7.—Thomas Pursley, colored, principal of the Hazel street school, has been charged with assault and battery in an accusation sworn out by A. J. Lewis, another negro, who claims that Pursley beat his child unmercifully while in school several days ago. Pursley is a colored one of the best colored teachers of the system and members of the school board will doubtless lend assistance in removing the charge lodged against him. He will be tried in the city court.

INDIGNANT DOWIE SCORNS UNDERLINGS

Will Return to Zion City to Resume Authority.

TO FACE REBELLIOUS SUBJECTS

Followers Thought He Was Going to Die and Were Sorry When He Grew Stronger Instead of Becoming a Victim of Death.

Mexico City, April 7.—John Alexander Dowie, the first apostle of the Christian Catholic church of Zion City, left here with his party Thursday night for Chicago, where he will confront the local leaders, who have attempted a revolt against him.

Dr. Dowie was in good health and spirits, and indignant at the conduct of the men who, according to letters in his possession, were professing loyalty to him within the past week.

In an interview with the Associated Press representative, given at his hotel Thursday afternoon, he reviewed the history of Zion church, and spoke of its spread, not only in the United States, but in Europe. His hotel table held many telegrams of loyal assurances from England and the United States and offers of financial aid, if required.

These telegrams were very gratifying to Dr. Dowie, who spoke freely regarding those who have, in his presence, organized a movement for his deposition, which he ridiculed as preposterous. He said he had selected as his best man Wilbur Glenn Voliva, who had proved unfaithful.

The trouble came to a climax as a result, in part, of his Mexican undertakings, his wife and son agreeing with those who made objections. He added that his son, although not a bad man, did not walk in his (Dowie's) ways. He said that his followers thought he was going to die, and, in fact, seemed a little sorry that he did not, and now opposed his returning to Zion City.

He ridiculed the idea that those he had appointed could dismiss him, who had appointed them. One of the points at issue between Dr. Dowie and his men of affairs was that he desired to dismiss his general financial manager, Alexander Granger, who, he asserted, was incompetent and failed to appreciate his relations to his superior.

Dr. Dowie spoke at length concerning the telegrams of April 1, received Monday, April 2, in which charges were made against him, and in which was mentioned the action that caused his immediate preparations to return to Zion City. He warmly refuted the charge that he had been extravagant by declaring that he owned today the majority of shares in the Zion City bank, and he declared with much earnestness that when the accounts would be adjusted he would have a goodly balance to his credit.

He then took up the charge brought against him of tyranny, and remarked that, like all business employers, he did not and would not tolerate incompetency.

Will Perform Miracle.

Chicago, April 7.—The News says that John Alexander Dowie has announced in a private telegram to one of his deacons, that he will return to Zion City late Monday night and "perform a miracle." He promises among other things to bring to the "faithful in Zion" 319,000,000 in gold and several scrolls of parchment upon which are written the five books of Moses. In the message which was sent from the City of Mexico, Dowie declared that he is "now better than he ever believed to be."

Chancellor Von Buelow Rests Well.

Berlin, April 7.—Chancellor Von Buelow, who fainted in the reichstag Thursday afternoon, slept throughout the night and woke and a clear-headed and fresh. After taking a cup of coffee he asked for the newspapers, but Professor Reubers suggested that it would be advisable not to read the Professor Reubers and the physicians who are associated with him in the case, say that he had consciousness 370 likely to result from the chancellor's indisposition.

Congressman Clark Here.

Among the prominent visitors to Gainesville is Hon. Frank Clark, Congressman from the Second Congressional District. Mr. Clark, who is here solely for a personal business visit, was extended every courtesy while here, and was driven about the city through the courtesy of Major W. R. Thomas and other friends. In speaking of the proposed government building for Gainesville, Mr. Clark stated that it was a certainty that the increased appropriation requested would be granted, and that it would not be a great while before work on the building would begin. "I can assure you that we are doing all we can," he said, "as we Florida representatives are as anxious as the Gainesville people to see the building completed."

The Original.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. J. W. McCollum & Co.

Card From Mr. Moyer.

To the Citizens of Gainesville:
I have been the driver of Hose Co. No. 1 for the past 3 years, and during that time I have not had an accident that has cost the city one cent in repairs to the wagon. I refer you to my record as to the alarms I have answered and to the care of the horses. Is it right or just that I should lose my position as driver simply because I supported N. E. Renson for chief instead of E. A. O'Neill?
Respectfully,
J. E. MOYER.

Letter to Councilman Broome, Gainesville, Fla.

Dear Sir: The Trustees of Fair Ground, Cobleskill, N. Y., were glad to pay 15 cents a gallon more for Devco; and no wonder. Two other paint agents said it would take 150 gallons of their paint to cover the buildings.

Our agent put it at 125 or less. It took 115.

We saved them 35 gallons of paint and painting (worth \$4 to \$5 a gallon, as the painting costs two or three times as much as the paint) less 15 cents a gallon on 115 gallons. Say \$140.

That's how to count the cost of paint. The cost of putting it on is \$3 to \$4 a gallon. You see what that means. Go buy Devco.

Yours truly,
F. W. Devco & Co.,
New York.

P. S.: The S. J. Thomas Co. sell our paint.

CONTAGIOUS BLOOD POISON THE WORST DISEASE IN THE WORLD

Contagious Blood Poison is the worst disease in the world; not only those who contract it suffer, but the awful taint is often transmitted to innocent offspring whose lives are blighted and bodies diseased because the virus of Contagious Blood Poison has been allowed to remain in the family blood.

The first sign of this disease is usually a little pimple or blister, then a red rash breaks out, the mouth and throat ulcerate, the hair comes out, copper colored spots appear on the limbs, back and breast; and as the disease more thoroughly pollutes the blood, sores and ulcers form and if the trouble is not checked the finger nails drop off, and the soft bones of the nose and head are destroyed.

S.S.S. PURELY VEGETABLE.

S. S. S. goes down into the blood and forces out every particle of the poison and makes a complete and lasting cure. As soon as the system gets under the influence of the remedy the symptoms begin to pass away, and when the cure is complete the patient is left in perfect health. So thoroughly does S. S. S. rid the system of the virus that no signs of the disease are ever seen in after years, and posterity is born with a rich, pure blood supply. Book with complete instructions for home treatment and any medical advice desired will be given without charge.

FOR CHARITY'S SAKE.

Gainesville Charity Association Makes Its Quarterly Report.

Gainesville, April 7.—Rev. S. B. Rogers of the First Baptist Church, chairman of the administration board of the Gainesville Charity Association, feeling that the public should be aware of the workings of the Association, has made for publication the following report for the quarter ending April 1:

"Feeling that it would be better that quarterly reports of our work be made, that all may know how we stand and what we do, below I submit a statement of our first quarter's work:

"Amount collected and in hands of C. Matheson, treasurer.....\$81.86
"Six warrants were drawn for needy as follows: Jan. 11, \$1.75; Jan. 15, \$6; Jan. 20, \$6; Jan. 30, \$4.20; March 2, \$1; March 28, \$10.....\$37.95

"Balance.....\$48.91

"For the sake of the feelings of the poor who have been helped, I do not give names.

"All persons having knowledge of any needy poor in the city will confer a great favor upon both them and us by simply informing us."

Cured Hemorrhages of the Lungs.

"Several years since my lungs were so badly affected that I had many hemorrhages," writes A. M. Ake of Wood, Ind. "I took treatment with several physicians without any benefit. I then started to take Foley's Honey and Tar, and my lungs are now as sound as a bell. I recommend it in advanced stages of lung trouble." Foley's Honey and Tar stops the cough and heals the lungs, and prevents serious results from a cold. Refuse substitutes. J. W. McCollum & Co.

Congressman Clark Here.

Among the prominent visitors to Gainesville is Hon. Frank Clark, Congressman from the Second Congressional District. Mr. Clark, who is here solely for a personal business visit, was extended every courtesy while here, and was driven about the city through the courtesy of Major W. R. Thomas and other friends. In speaking of the proposed government building for Gainesville, Mr. Clark stated that it was a certainty that the increased appropriation requested would be granted, and that it would not be a great while before work on the building would begin. "I can assure you that we are doing all we can," he said, "as we Florida representatives are as anxious as the Gainesville people to see the building completed."

The Original.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. J. W. McCollum & Co.

Card From Mr. Moyer.

To the Citizens of Gainesville:
I have been the driver of Hove Co. No. 1 for the past 8 years, and during that time I have not had an accident that has cost the city one cent in repairs to the wagon. I refer you to my record as to the claims I have answered and to the care of the horses. Is it right or just that I should lose my position as driver simply because I supported N. E. Benson for chief instead of E. A. O'Neill?
Respectfully,
J. E. MOYER.

Letter to Councilman Broome, Gainesville, Fla.

Dear Sir: The Trustees of Fair Ground, Cobleskill, N. Y., were glad to pay 15 cents a gallon more for Devco; and no wonder. Two other paint agents said it would take 150 gallons of their paint to cover the buildings. Our agent put it at 125 or less. It took 115.
We saved them 35 gallons of paint and painting (worth \$4 to \$5 a gallon, as the painting costs two or three times as much as the paint) less 15 cents a gallon on 115 gallons. Say \$140. That's how to count the cost of paint. The cost of putting it on is \$3 to \$4 a gallon. You see what that means. Go buy Devco.
Yours truly,
F. W. Devco & Co.,
New York.
P. S: The S. J. Thomas Co. sell our paint.

CONTAGIOUS BLOOD POISON THE WORST DISEASE IN THE WORLD

Contagious Blood Poison is the worst disease in the world; not only those who contract it suffer, but the awful taint is often transmitted to innocent offspring whose lives are blighted and bodies diseased because the virus of Contagious Blood Poison has been allowed to remain in the family blood.

The first sign of this disease is usually a little pimple or blister, then a red rash breaks out, the mouth and throat ulcerate, the hair comes out, copper colored spots appear on the limbs, back and breast; and as the disease more thoroughly pollutes the blood, sores and ulcers form and if the trouble is not checked the finger nails drop off, and the soft bones of the nose and head are destroyed. S. S. S. goes down into the blood and forces out every particle of the poison and makes a complete and lasting cure. As soon as the system gets under the influence of the remedy the symptoms begin to pass away, and when the cure is complete the patient is left in perfect health. So thoroughly does S. S. S. rid the system of the virus that no signs of the disease are ever seen in after years, and posterity is born with a rich, pure blood supply. Book with complete instructions for home treatment and any medical advice desired will be given without charge.

S.S.S.
PURELY VEGETABLE.
I contracted Contagious Blood Poison by using a towel used by some infected person and had every symptom of the vile disorder. I tried everything I heard of but the disease got worse until I heard of S. S. S. which I commenced, and continued the treatment until I was entirely well. This was some time ago and I have never seen the slightest sign of the disease since.

pleased with the city and its people. They expect to return early next season, and will remain until late in the spring.

Colfax Rebekah Lodge No 2 would express their grateful appreciation of the many favors granted them in connection with their entertainment Friday night. They would especially thank The Sun for its many kindly notices, Capt. Layton for the use of the opera house, as well as the many who so kindly assisted them in making the entertainment such a success.

J. G. Osteen of Donnie, for the past term the efficient member of the Board of County Commissioners from his district, announces himself for reelection, subject to the action of the Democratic primary. Mr. Osteen has made a good, faithful and efficient official, and his friends are confident that he will be returned for another term. He has also been progressive.

Hon. E. L. Wartman of Citra, who represented Marion county in the last

Legislature, and should be a sure winner for the next term, was in the city Saturday and made The Sun a pleasant call. Representative Wartman is a man of the people and is a popular citizen of Marion. He was accompanied by Hon. W. J. Crosby of the same place, member of the Democratic Executive Committee of Marion, and a leading citizen of that county.

Thad G. Blackburn, one of the efficient clerks in the United States land office, has returned from Ocala, where he went with the records before a session of United States Commissioner Williams' court in the case of the United States vs. Elijah Collins, charged with cutting timber from government lands. The defendant was required to give bail in the sum of \$100 for his appearance at the next session of the United States court.

Captain H. O. Denton, for many years an office-holder of efficiency and distinction, has announced himself as a candidate for county treasurer, subject to the action of the Democratic voters at the approaching primary. Few men are better known or more popular in Alachua county than Captain Denton, who is a Confederate Veteran who saw real service during the war, and who has never been known to go back on a friend or betray a trust. His announcement will be received with pleasure by his numerous friends throughout the county.

The "Gainesville spirit" should prevail at the election on Tuesday.

What a blessing the tariff is to the combines. The people are not to be considered.

The weather prophets have commenced the spring campaign and all sorts of calamities are predicted.

The farm wagon is being used in Georgia in place of the band wagon. It may get over the line into Florida.

Russia is still having her troubles. A large number of people have been arrested on suspicion—of being hungry.

There are some corners in this city that need the attention of the sanitary officer at once. They smelt to Heaven.

Stand or fall, Senator Tillman says he will stick to the dispensary. Many a poor devil has stood by it until he has fallen.

An evangelistic campaign will soon be opened in New York. If some of the insurance men can only be reached the effort will not be in vain.

There is no doubting the fact that Thomas J. Appleyard is a popular candidate for railroad commissioner. He is being supported by the entire press of the State.

The Sun is indebted to Hon. William V. Knott, State treasurer, for his annual report for the period beginning January 1st, 1905. It shows the financial condition of the State on a satisfactory basis.

Senator Frank Adams of the thirtieth district will not be allowed to retire to private life, if his friends can prevent it. He is being flooded with petitions to make the race, and his election will be a sure thing if he accepts.

Show respect for a man, no matter whether you like him or not, so long as he does nothing disrespectful. Because you "don't like him" is no reason why a man is not a man. There is always something about every man that is worthy of a small degree of consideration.

Rear Admiral Evans likes to let his men have a little recreation from the hum-drum of everyday life on a battleship in times of peace, and would like to have them play ball on Sunday, if they desire. But the Pilgrims at Provincetown, Mass., where the ships are stationed, oppose it, so Fighting Bob will cast anchor at some other port, where the boys can have a little amusement the only day they are off duty.

Dr. Andrew Sladd has been re-elected as president of the University of Florida, and Prof. A. A. Murphree as president of the Florida Female College. Both gentlemen have proven themselves eminent educators and ably equipped for the positions to which they have again been chosen. As the executive officers of these two high educational institutions there need be no fear of retrogression, but on the contrary it is the general opinion that both will make rapid strides upward and onward.

UP TO THE VOTERS.

Attention is directed to an article in another column of this paper, taken from The Gainesville Elevator, relative to the amendment to the city charter to be voted on next Tuesday, April 10th, proposing to dispense with the publication of city ordinances. The Sun asks a careful consideration of the subject by the voters. The ordinances of other cities are published in the newspapers, and this feature of the present city charter was not incorporated for the benefit of any particular newspaper as there were two newspapers in the city at the time of the passage of the charter, as is the case now, and the council is at liberty to publish the ordinances in any paper it sees fit. It is up to the voters to say whether they desire to know what the council is doing in the way of condemnation of property for various purposes, levying special licenses, taxes, etc., and The Sun is perfectly willing to abide by the result. There is one thing, however, we would thank certain individuals to do, and that is this: When you knowingly and willingly lie to the voters to the effect the section of the charter requiring ordinances to be published was enacted for the special benefit of The Sun, also be kind enough to tell them that notwithstanding the fact that the city charter, as a whole, had the endorsement of the committee appointed by the mass meeting, City Council and Board of Trade, had it not been for the close scrutiny of the document sent to the Senator from this county not a voter who resided in the new territory taken in by the present charter would have been permitted to cast a vote in the city upon any question until after the election to occur on the 10th inst. He discovered this defect and refused to support the bill until it was remedied.

FRANK CLARK FOR CONGRESS.

While it has been taken for granted that the people would want Hon. Frank Clark for Congressman another term, the official notice was not made until the 5th, when Chairman Pleasant A. Holt, of the Democratic Executive Committee of the Second Congressional District of Florida, received the formal notice of candidacy for Mr. Clark.

Up to the present time there have been no announcements of other candidates or any intimation that there will be any other candidates.

The following is a copy of Mr. Clark's letter to Chairman Holt making formal announcement of his candidacy:

"Washington, D. C., March 31, 1906.
"Hon. Pleasant A. Holt, chairman Democratic Executive Committee of the Second Congressional District of Florida, Jacksonville, Fla.

"Dear Sir—I hereby announce myself as a candidate for nomination as the candidate of the Democratic party for Representative in the Sixtieth Congress of the United States from the Second Congressional district of Florida, in the primary election called for and to be held on the 15th day of May, A. D. 1906, and request that my name be placed on the official ballot as such candidate for nomination to be voted for at such election.

"This announcement is made subject to all the requirements of the State law, and the rules and regulations of the Democratic party on the subject of primary elections. I hereby pledge myself to faithfully abide of such primary election, and to support all the nominees of the same, National, State and county.

"Yours respectfully,
(Signed), "FRANK CLARK."

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

WE WANT MORE SUCH MEN.

Last Saturday morning at Oxford a case was set for trial. Some neighbors had disagreed. They had employed lawyers on both sides. Reva. Dunklin and Lyons had talks with them—the difference was settled and the case dismissed. Someone jokingly asked whether the preachers got less fees than the lawyers. We say no. They got a fee in the consciousness of good performed worth far more than any money fee any lawyer ever received. We rejoice to see men like these; we wish there were more of them. We like the preacher who puts his religion into practice.—Sumter County Times.

We want more such preachers in Florida, and wish they could settle many of such disputes and keep neighbors out of court. But the man who pays the lawyer \$10 for one short discourse often thinks it pretty high to pay a like sum for 104 a year.

H. O. Sparkman, editor of The DeSoto County Advertiser, who is also a candidate for Representative in the Legislature from DeSoto, has declared himself in the following on the Buckman school law: "I am opposed to the repeal of the Buckman Educational bill passed by the Legislature of 1905. I believe that the one good school for higher education, such as the Buckman bill creates, will be of greater benefit to the State and will cost the people less than the half-dozen or more schools that were maintained by the State prior to its passage."

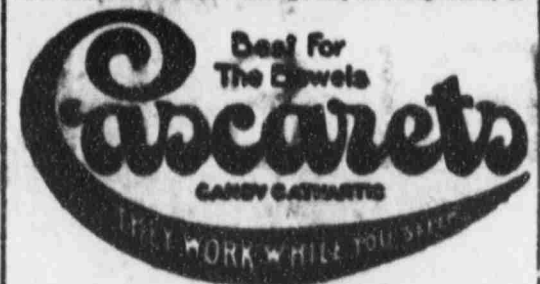

GOT HIS HAIR BACK.

Was Perfectly Bald When He Started to Use Newbro's Herpicide.

Frederick Manuell, Maryland block, Butte, Montana, bought a bottle of Newbro's Herpicide, April 6, '05, and began to use it for entire baldness. The hair follicles in his scalp were not dead and in 20 days he had hair all over his head. On July 2 he writes, "and today my hair is as thick and luxuriant as any one could wish." Newbro's Herpicide works on an old principle and with a new discovery—destroy the cause and you remove the effect. Herpicide destroys the germ that causes dandruff, falling hair, and finally baldness, so that with the cause gone the effect cannot remain. Stops falling hair at once and a new growth starts. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

I am entirely cured and feel like a new man." George Kryder, Napoleon, O.

POLITICAL ANNOUNCEMENTS

For State's Attorney.

To the Democratic Voters of the Eighth Judicial Circuit of Florida:

Believing that my thirteen years' practice of law, together with my experience as a prosecuting attorney, fully fit me to discharge the duties of State Attorney, I, therefore, at the request of many friends, announce myself a candidate for nomination in the Democratic primary for State Attorney for the Eighth Judicial Circuit of Florida. If nominated, I pledge myself to courteously, economically and faithfully discharge the duties of the office and to help maintain the dignity and honor of the court.

Respectfully,
JOS. M. RIVERS.

To the Democratic Voters of the Eighth Judicial Circuit of the State of Florida:

Having served you in the capacity of State Attorney since July, A. D. 1903, and trusting that you have approved of the manner in which I have represented the State and discharged my duties, I solicit your votes at the coming primary for the position of State Attorney for the Eighth Judicial Circuit.

Very respectfully,
BENJ. P. CALHOUN.

Palatka, Fla.

I respectfully announce that I am a candidate for the office of State's Attorney for the Eighth Judicial Circuit of Florida, composed of the counties of Alachua, Baker, Bradford, Levy and Putnam. I conceive the faithful and energetic discharge of the duties of the office to be a sacred obligation to the State, and, if the voters of the circuit favor me with the nomination, I pledge them that the interests of the State and of society shall not suffer through favor or neglect of mine.

Respectfully,
THOS. W. FIELDING.

Starke, Florida.

For State Senator.

To the Democratic Voters of Alachua County:

I have, on various occasions, been earnestly requested to enter the race for State Senator from this county, and, until now, have declined to do so, because I had no desire to oppose the Honorable H. H. McCreary, who has rendered such valuable service to our county in the State Senate. But since he has withdrawn from the race I will be a candidate, subject to the Democratic primary.

Having served in both branches of the Legislature in the past, I feel that I am the better qualified to serve the best interests of our county at this important time.

Earnestly soliciting your support at the coming primary, I am your humble servant.

JOHN B. DELL.

In reference to my declination, which appeared in The Daily Sun of 20th Inst., the same was made in what I conceived the interest of harmony. However, I have reconsidered same and am a candidate for the State Senate.

H. H. MCCREARY.

I respectfully announce my candidacy for the Democratic nomination as Senator for Alachua county (33d district), pledging my support of all measures in the interest of the masses as against the classes; and especially do I pledge my support and influence in aid of the common schools and maintenance of the State University upon a liberal basis such as will enable parents to obtain for their children a thorough education in their own State, as well as all measures tending to promote the religious and moral welfare of the entire people.

Thinking my friends for their support in the past, and soliciting the vote of all Democrats at the coming primary, I am very respectfully,

H. H. MCCREARY.

For the Legislature.

At the solicitation of many friends I have consented to make the race for the Legislature and hereby announce myself as a candidate, subject to the Democratic primary.

WM. N. SHEATS.

In response to the solicitations of many friends I respectfully announce that I will be a candidate for the Lower House of the Legislature, subject to the Democratic primary. If elected I promise to do all in my power to protect the best interests of our beloved county.

Respectfully,
THOMAS A. DOKE.

I announce myself a candidate for the Legislature at the coming primary, subject to the action of the Democratic voters of the county.

If elected I will endeavor to make some very radical changes in the present divorce law. I am in favor of keeping the State University at Gainesville forever.

CHAS. HODGE.

At the solicitation of friends I announce myself a candidate for Member of the House of Representatives, subject to the will of the people, as expressed at the Democratic primary election.

I shall favor the maintenance of the State University, now established in this county, with liberal appropriations for its development, and the advancement of public education throughout the State.

I believe in a Railroad Commission and shall support any legislation enlarging its powers and increasing its usefulness.

All measures tending toward the moral development and growth of our State will receive my hearty support.

ROBT. E. DAVIS.

B. L. Carter will be a candidate at the primary election for Member of the Lower House of the Florida Legislature.

For County Treasurer.

To the Democratic Voters of Alachua County:

H. C. DENTON.

For Tax Collector.

To the Voters and Tax-Payers of Alachua County:

I take this method to publicly thank you for the very liberal support you have given me in the past, and to announce my candidacy for re-election for ensuing term to the office of Tax Collector of Alachua county. The arduous duties of the office, at this, the closing period of 1905 collection, will entirely prevent my making a canvass of the county and seeing you in person, so I trust my friends throughout the county will remember me on the 15th of May at the various precincts, when casting ballots for the men of their choice to fill the respective offices now elective.

Assuring one and all it shall be my constant effort to discharge the duties incumbent on the office with faithful patience and honest integrity.
